PROJECTS

Amazon ⬈
amezon clone
Developed a full-stack e-commerce application using the MERN stack, implementing features such as product listings, user authentication, and a shopping cart.

Netflix ⬈
Netflix Clone
Created a video streaming platform that mimics Netflix's user interface and functionality, focusing on media content management and responsive design.

Apple ⬈
Apple Clone
Designed a replica of the Apple website, emphasizing product showcases, interactive elements, and modern web design principles.

Book Store ⬈
Free book store
Computer Science Book Store Built a web application for a virtual bookstore, featuring a catalog of computer science books, user reviews, and secure checkout processes
